

New ULTRA-MAX[®] GAS STEP-UP HOT PLATES

Models 802HA-SU, 804HA-SU, 806HA-SU & 808HA-SU

Features/Benefits:

- ★ Heavy-duty Ultra-Max step-up gas hot plates are designed for the most demanding foodservice applications and deliver years of maintenance free operation.
- ★ Available in 2, 4, 6 and 8 burner styles to accommodate a variety of foodservice operations.
- ★ All stainless steel construction and front panel for long lasting attractive appearance and ease of cleaning.
- ★ *Step-up models now available!* Step-up feature allows easy access to back burners and provides a comfortable work zone.
- ★ Sizes available in 12", 24", 36" and 48" widths to fit almost anywhere and suitable for many size pot/pans.
- ★ High performance 30,000 BTU 2-piece burner provides superior performance and sectional control. Plus our anti-clogging burner design provides years of maintenance free operation.
- ★ Heavy-duty cast iron grates stand up to constant use and our non-tilt top design makes it easy to slide pots from section to section.
- ★ *NEW* longer lasting, heavy-duty metal knobs.
- ★ Standing pilot with anti-clogging shield for each burner for easy ignition.
- ★ Manual control valve has 1/4 turn operation for easy temperature control.
- ★ Gas convertible in the field with regulator and conversion kit supplied with each hot plate. Units are shipped Natural Gas.
- ★ Cool-to-the-touch stainless steel front panel and bull nose front provide knob protection and comfortable work zone.
- ★ Heavy-duty four inch adjustable legs to match the height of other Ultra-Max equipment in your line.
- ★ Removable crumb tray for easy cleaning.
- ★ Floor models available with custom equipment stands.

Model 804HA-SU
