Digital Roller Grills

8250SX-SLT

Nemco's latest roller grill model is ideal for high-volume, self-serve establishments, where employees have little time to monitor the unit. NEW digital controls allow operators to the food on hte rollers, hit a button and walk away. Its time-tested, maintenance-free design will serve you for years and forever satisfy your customers with the tastiest, juiciest hot dogs. 360° roller rotation prevents residue buildup, while individual roller heating elements ensure heating consistency. Removable drip pan makes for easy cleaning. Requires no ventilation system. A lighted preset program button per temperature zone. Four indicator lights per zone to indicate phase of program. Independent program presets for each of front and rear zones. A digital readout that displays the approximate temperature of the product.

Standard Features:

- Rugged stainless steel construction
- Simplest installation — plugs into any outlet with corresponding voltage
- Rollers available in either standard chrome or Gripslt which cleans easily with just a damp sponge
- Easy to see color coded grease seals to identify front (black) and rear (white) rollers
- One year parts and labor warranty
- NSF, cETLus certified

Accessories:

- Divider Kits — Includes dividers, convenient self-serve tongs, tong holder and control cover
- Food Safety Guards available for all roller grills; offers sanitary protection
- Stainless Steel Bun Boxes are great for merchandising
- 4" Adjustable Legs
