

Manual Juice Extractor

932

Flexibility: Designed to extract pure citrus juices from oranges, lemons, limes, and grapefruits.

Dependability: The model 932 Manual Juice Extractor is considered the standard worldwide because of its dependable performance.

Maximum Juice Extraction: The extractor arm exerts up to 2,000 lbs. of pressure, ensuring maximum juice output, while minimizing skin oil and pulp residue.

Strainer Cone and Funnel: The strainer cone and funnel are easily removed for cleaning.

Swing-Out Juice Collector Cup: Designed for convenience, the juice collector cup swings out, allowing the operator to easily obtain the extracted juices.

Acid-Resistant Finish: The chrome and porcelain components, as well as the enamel finish resist citrus acids.

Unique Features:

Rack and Pinion Gearing: 2,000 lbs. of pressure makes juice extraction effortless.

Sure Grip Feet: Prevents skidding--won't mark countertops.

Specifications:

Warranty: One year parts and labor.

Standard: Unit comes with base, strainer cone, funnel, swing-out juice collector cup, and Sure Grip Feet.
