**Power-Plus**  
35,000 BTU/hr. Infrared Burner

The Culinary Series by American Range, Cheese Melters are built to provide many years of dependable service. The heavy gauge construction along with stainless steel exterior give strength and durability, and is easy to maintain and clean. These units are designed for superior preparation of Mexican and Italian specialties and also are a good choice for an auxiliary unit to prepare steaks, fish and lobster.

They are ideal for au gratin dishes, omelets, meringues and for browning and finishing. Atmospheric infrared burners are provided for long life and energy efficiency.

Look to American Range for innovation, reliable performance, quality and attention to your equipment needs and prompt delivery, now and for all your future needs.

Quality, dependability and customer satisfaction make American Range the **brand of choice among professional chefs and restaurateurs worldwide.**
