

MAXIMIZER

Pizza Ovens

General Features:

- **Quality Construction** for long life
- **Stainless Steel Front Standard**
Stainless top & sides available (T430)
- **Pizza decks standard**
42"x32"x1" hearth
- **4-Cell "Power-Pak" Burner System** for better distribution of heat and better baking ability (gas only)
- **Thermostat**
300°F - 650°F
(149°C - 343°C)
- **Space Saver**
Only 50" wide
- **Stacked**
Double cooking capacity
- **Aluminized Interior Standard**
- **Solid State Digital Controls** for more precise temperature control (electric only)
- **Easily Serviceable**
Most controls can be replaced from the front of the unit
- **Warranty**
One year parts and labor
- **Power**
Gas or electric
- **Single Phase Standard;**
3 phase optional
- **Specific Features** of the CW42P/CE42PESC listed on back

MODEL CW42P
CE42PESC

**GAS OR
ELECTRIC**

Hearth

Burner

"Power-Pak" 4-Cell Burner System

MORE FOR LESS

More Cooking Space per Floor Space
More Cooking Capacity per Sales Dollar
More Performance per Gas Dollar

 **Peerless**
Commercial and Industrial Ovens

Floor space	50"(127cm) wide x 42"(105cm) deep* x 63"(160cm) high
Shelf size	42"(106.7cm) wide x 32"(81.3cm) deep x 7"(17.8cm) high
Shipping weight	1200 lbs (544kg)
Capacity	Twelve 12" (30.5cm) pizzas or eight 16" (40.7cm) pizzas
Gas	Maximum 60,000 BTU input each
Electric	8KW - 220V single phase each
Opening required for installation:	22" *Handle adds 2.5"(6.4cm) to depth

Digital Electronic Controller (Electric Models)

Adjustable Legs

Durable Construction

The CW42P is built with *prime 20-gauge cold-rolled top and sides* with a 14-gauge base. The *interior is made of Armco Type 1, 20-gauge aluminized steel*. The CW42P comes standard with stainless steel front, or optional all stainless steel finish. The stainless steel is made of high quality, 18-gauge 430 stainless; the door interior is 18 gauge stainless.

Energy Efficiency

The CW42P features our *new energy-saving "Power-Pak" 4-cell burner system* and our *unique baffle system*. These make our ovens highly efficient and eliminate hot spots. The *heavily insulated walls*, coupled with our *special vent system*, reduces heat loss and keep your gas dollars from going up the stack. The CW42P is powered by two 60,000 highly efficient BTUs which *increase its efficiency and recovery rate* or four 2000w elements (electric) each.

Capacity

The CW42P deck size measures 42"x32"x7". Actual cooking capacity depends on the size of the pizza you are cooking. The CW42P will hold twelve 12" pizzas or eight 16" pizzas. Cooking time will vary according to product, but will average between 8-10 minutes.

Space Saver

Because the controls are under the door, the CW42P requires *less installation space* than our competition. This enables you to free up valuable kitchen and/or hood space. The actual width needed is mere 50" for two 42"x32" deck, almost a foot less than the competition.

Design Plus

The CW42P has the *controls in lower front for ease of operation and space savings*. This also places the controls in their own *air-conditioned area* so they are not affected by outside influences. In addition, the CW42P is *totally thermocoupled* and allows you to replace individual parts as opposed to throwing away the whole system.
