Specifications FBC Series

Construction

Heavy duty stainless steel top, 18 gauge. Black vinyl front, sides and back. (S) Models have stainless steel front, sides and back. Interior constructed of heavy duty galvanized steel walls with coved corner galvanized floor.

Lids are heavy duty foamed in place with stainless steel finish. Lids are provided with locks per lid. Unit comes complete with a 1-1/2" Ecomate CFC-Free polyurethane insulation, foamed in place.

Refrigeration System

Self-contained capillary tube system using environmentally friendly (CFC Free) R-134a

refrigerant. Front breathing compressor on right side for built-in applications. Evaporator coil is mounted to interior back panel. Large fan motor and fan blades for greater air flow. Automatic condensate evaporator, drain connection required.

Evaporator condensate has been plumbed to a condensate pan located in the compressor housing. Access for the condensing unit behind the front grill, slides out for easy cleaning and maintenance. Cabinets are designed to maintain temperatures between 28° F to 38° F in the interior cabinet.

Lights

Interior LED light.

Shelving

Adjustable epoxy coated bin dividers provided per unit

Others

Unit is supplied standard with an 8' cord and plug (Nema 5-15p).

Warranty

3 year parts and labor warranty plus 2 additional year compressor warranty. (Continental U.S.A. & Canada only).
