Star® Galaxy Popcorn Poppers

□G8-Y □G12-Y □G14-Y □G18-Y

G8-Y

DESCRIPTION

The Galaxy popcorn popper brings life to every party. Perfect for convenience stores, concessions, recreational facilities and fun centers, restaurants, bars, theaters or wherever you want to pop and dispense delicious popcorn. Available in 8, 12, 14 and 18 oz. kettle sizes.

SPECIFICATIONS

Galaxy popcorn poppers are constructed with nickel plated steel kettle with stainless steel exterior shell. Kettle is heated by thermostatically controlled spiral sheathed elements and supported by cast aluminum alloy twin hanger arms. Infrared heat lamp with a stainless steel safety cage and a sheathed element under stainless steel deck. Popper cabinet has three full length 1/8" thick tempered glass panels with aluminum alloy corner posts. Access doors are 3/16" plexiglass with full length aluminum alloy hinges with a clear lexan drop panel. Popper is complete with a 6' lead in cord and NEMA plug.

WARRANTY

These units come with a one [1] year warranty for parts and labor.

FEATURES

- Available in 8, 12, 14 and 18 oz. kettle sizes to fit any foodservice volume requirements
- Pops 170 to 360 one ounce servings of Star's quality Chief's Choice brand popcorn per hour (Contact factory for details)
- Heated stainless steel corn deck keeps your popcorn fresh and crisp, with a stainless steel drawer for easy removal of old maids (unpopped kernels)
- Heavy-duty aluminum posts, 1/8" thick tempered glass panels and stainless steel construction provide strength, durability and maintenance free operation
- Clear two-piece 3/16" thick Plexiglas door with aluminum hinge and magnetic catch stands up to constant use
- Top control panel has two on/off switches:
 - Top switch is for kettle heat
 - Bottom is for corn deck and heat lamp
