## Mechanicals

- Note: 1. In all cases, consult local plumbing, electrical and health codes for regulations which may not be consistent with the information on the front of this specification sheet
  - 2. The utility connections are made from the floor at the bottom of the unit approximately 7" to 8" high.
  - 3. The Glastender policy of constant quality improvement means specifications are subject to change without notice.

Installation Note:

Front side service is essential. Detergent, Sanitizer, and Rinse Aid containers are stored externally - six-foot lengths of tubing are provided. Storage for three one-gallon containers is required within five feet.
