Designed Smart

Gas counter top griddles with a low profile design that are only 13 1/8" tall to grilling surface making them ideal for use on refrigerated cabinets or counter top. The Heavy Duty Char Broilers and Heavy Duty counter top ranges.

The griddle plate is 1" thick (25.4mm) and 24" deep (610mm), polished, cold roll-rolled steel. Six widths are available from 24" (610mm) to 72" (1829mm) in one foot increments. The Heavy Duty Series features high-performance, energy-efficient, 40,000 BTUH burners located every 12" with individual, operator-controlled valves and are available in two control types: manual or thermostatic.

The interior combustion chamber is heavy-duty heat resistant 11- and 16- gauge steel, and is hand-welded for strength and durability. Standard features include stainless and aluminized steel landing ledge and large capacity, slid-out grease pan. Additional or LP gas, pressure regulator and 4" (12mm) NSF approved legs with adjustable bullet feet. Stainless steel splash guards are continuously welded to the griddle plates.

APW Wyott Design Features

- 1" thick griddle plate & 24" deep grilling surface
- Heavy gauge, hand-welded, heat-resistant steel combustion chamber
- 40,000 BTUH burners every 12"
