

Heated Holding Cabinets

HHC-900 *SimpleHold* Full-size

Heated Holding Cabinets keep foods hot and tasty for long periods of time before serving. The right holding cabinet can make the difference between what you sell and what you throw away.

Description

Full size, high volume, mobile heated holding cabinet with dual doors and single control panel. Designed to hold foods within proper temperature ranges prior to serving. Utilizes lower-wattage heaters than “standard” HHC-900 heated holding cabinet.

Configuration

The HHC-900 SimpleHold is only available in the following configuration:

- Solid back cabinet.
- Stainless steel doors with right side hinges.

Main Features

- **SimpleHold** control features simple to use electronic touch pad control with LED display for temperature setpoint changes.
- Lower wattage heaters (1500W) enable unit to be sold in both the USA and Canada.
- Removable air ducts for easy cleaning.
- Dual heavy-duty blower motors.
- Ventilated side racks.
- Large stainless steel water pan.

SimpleHold control

- Partial pan removal for convenient loading and unloading.
- Fully insulated doors, sidewalls and control module.
- Full perimeter door gasket.
- Self-closing, lift-off doors stay open past 90 degrees.
- Magnetic door latch and heavy-duty plated hinges.
- Standard 5 in. (127 mm) casters, two locking.

HHC-900 with SimpleHold controls and right-hand hinged doors.
