

Refrigeration Equipment Manufacturer

Glass Door Merchandiser

J2GR-47L

Description: Two glass door merchandiser, 47 cu. ft

Features & Benefits

Self Contained bottom mounted compressor for "no-stoop" easy removal of merchandise.

2.5" thick foamed-in-place high density polyurethane insulation.

Triple-pane tempered thermal glass for better insulation and energy efficiency.

Self-closing PVC-Clad doors with "Hold Open" feature for easy loading and unloading.

Non-mechanical, smooth gliding doors with removable door rail slides for easy cleaning and maintenance.

Illuminated sign panel with manual on/off switch.

Completely sealed, low-noise compressor.

- Holds 32° F to 42° F

Safety shielded flourescent interior for longer and brighter displaying of merchandise.

Eight epoxy-coated adjustable steel wire shelves.

Dimensions	W	D	H
Exterior (inches)	53.2	32.0	78.7
(height with casters/ optional)			83.7
Interior (inches)	50.0	25.5	61.5

General Information		Volts	115
Cubic Feet Shelves	47.3	Amps	11.08 (run)
	8		18.40 (start)
Doors:	2 sliding		
Exterior:	CCS (Cold Colored Steel)		
Interior:	CCS		
Unit Weight (lbs.):	475		
Gross weight (lbs.):	526		
Nema:	5-20p		

Compressor Information	# compressors	H.P.
Refrigerant R 134a	1	1/2
