

Solid Door Freezer

J2SFF-21B

Description: Two solid half door freezer, 21 cu. ft

Features & Benefits

Stainless steel interior and exterior for greater durability, construction and appearance.

Self-contained top mounted refrigeration system and high humidity coated **fin coil** evaporator.

"Auto-D" automatic electric defrost on freezer prevents evaporator from freezing.

"Air Duct" system to cool down condenser coils.

- Holds -10° F to 42° F for freezers

Exterior computerized thermometer and temperature control with LED display.
Temperature setting is easy, fast and accurate.

2.5" thick, foamed-in-place polyurethane high density insulation.

4 adjustable epoxy-coated steel wire shelves per section. 5" casters standard. **Easy mobility and installation.**

Convenient and energy-efficient half-door design.

Heavy-duty overall construction for high-volume, constant duty operation.

Adjustable tension spring loaded doors.

Electric condensate evaporator - **no floor drain required!**
