

## Chemical Sanitizing Glasswasher

### FEATURES:

- **NEW** Noise Suppression Technology (NST).
- 20 racks / 80 covers per hour.
- Economical to operate. Uses only 1.7 gallons of water per cycle.
- All stainless steel construction assures long life and years of trouble-free operation.
- Unique spray arm system features upper and lower stainless steel wash arms with reinforced end caps.
- Double skin stainless steel provides consistent heating and a quiet operation.
- Built-in chemical pumps assure proper chemical usage.
- Delimiting system.
- Pumped drain allows for flexible installation. Requires no floor drain.
- Pump purging system improves results by eliminating soil and chemical carryover during rinse cycle.
- Auto fill and drain system.
- Water inlet comes with built-in strainer, prevents debris from clogging the water valve.
- 4" legs.
- Dishmachine comes with 2 dishracks, (1) peg and (1) flat.
- Large 11" door clearance to accommodate all size glasses.

### Available Options

- Sanitizer Alarm
- CMA Temp-Sure™ (Self contained 12kW heater)
- 48" Undercounter Dishtable
- Pedestal
- 6" legs

**The New L-1C (NST) Low Temperature Glasswasher**  
Introducing CMA's "Noise Suppression Technology", combining sophisticated pump engineering, double wall construction, and sound deadening materials has reduced the noise output 50%, without sacrificing horse power or pump pressure. This is the ideal "behind the bar" glasswasher, providing outstanding results, economical to operate, and quiet operation. This glasswasher utilizes a recirculating wash system followed by a fresh water chemical sanitizing rinse. The "built-in" chemical dispensing system is programmable to provide precise chemical dosage per cycle.
