

Only from Nemco!

Easy Pineapple Corer/Peeler

Completely core and peel an entire pineapple with one pull of an easy-action lever!

Manufactured
In The USA 

Suh-Weet!

When coring and peeling a fresh pineapple is this quick and easy, somehow the glorious, juicy flavor is just a little bit finer. Nemco introduces its latest food-prep innovation—the Easy Pineapple Corer/Peeler.

More Speed, Less Waste

Make no mistake. For all the produce that crosses the food-prep countertop, pineapple ranks among the most challenging... Until now. Nemco's new Easy Pineapple Corer/Peeler changes everything by enabling your employees to:

- Save time completely coring and peeling an entire, straight-from-the-plant pineapple in one smooth cutting stroke.
- Clear the prep work station more quickly and efficiently—in the same single cutting action the entire pineapple outer shell falls off in three large pieces that are easy to grab and throw away.
- Reduce food waste with a cutting tolerance that removes the core, the shell and nothing else.

Friendly to the User

All the stress of cutting a pineapple goes away. Nemco's product design makes for super-easy operation, with features that:

- Increase productivity by reducing operator fatigue, courtesy of a special ergonomic handle.
- Optimize portability and space without sacrificing stability in the cut, courtesy of the unit's suction cup feet.
- Keep the blades away from the operator's hands, courtesy of a locking mechanism that holds the handle in the "up" position while the user loads the pineapple.

Built to Last

Following the Nemco trademark design style, the Easy Pineapple Corer/Peeler features tough, stainless steel and cast-aluminum construction, and is easily disassembled for cleaning, to maximize performance longevity and lifetime value.

Top-down drive and ergonomic handle take the work out of cutting

Corer tube is easily replaced by removing four screws

Suction cups prevent slipping

Sturdy legs stabilize unit for smooth slicing

Locking mechanism holds the handle/blade in the "up" position while the pineapple is loaded

Blades are durable stainless steel and easily replaced by removing six screws

Suggested Uses

The Easy Pineapple Corer/Peeler is the perfect tool for fast-paced, high-volume kitchens looking to capitalize on the popularity of this perfect fruit. Great for operations that use pineapple for sauces, baked goods, salad bars, hams, exotic pizza toppings and more.
