Smoother

The Choice of Blending Professionals.

Known in the blending industry as the gold standard for commercial blenders, the Blendtec Smoother has consistently delivered improved taste and texture to frozen drinks, coffees, smoothies and ice cream programs for more than a decade. Designed for ultimate versatility, the Smoother can be utilized for both above-counter and in-counter operations. The Smoother combines power with intelligence and beauty.

The Smoother can be fitted with Q-Series components for sound reduction
