

Available at...

- **Flexibility...**
Perfect for milk shakes, smoothies, bar cocktails, eggs, batters, ice cream drinks, and more.
- **Dependability...**
Bartenders worldwide consider this drink mixer the standard because of its dependable performance.
- **Three Speed Power...**
The three speed toggle switch is conveniently located for quick and easy access.
- **Durable Stainless Steel Agitator...**
Designed for durability, the stainless steel agitator crushes ice and cuts through hard ice cream.
- **Automatic Motor Activation...**
The motor automatically activates when the cup is placed in position on the drink mixer, and stops when the cup is removed. The automatic motor activation ensures perfect operation every time.
- **Container Guide...**
The sturdy container guide easily removes for fast and efficient cleaning.
