

FRYER OIL FILTRATION SYSTEM PORTABLE TYPE

JOB NAME: _____
ITEM NO.: _____
NO. REQUIRED: _____

MODEL: MF-ECCO ONE

SIZE: 22" Wide x 22" High x 17 3/4" Front-to-Back
 559mm Wide x 559mm High x 451mm Front-to-Back

DESCRIPTION:

The MF-ECCO ONE is a 65 lb. capacity filter designed to be used with drain type fryers. The compact design allows for ease of operation and storage. All metal parts are either stainless steel or nickel plated, which provides years of carefree use. The hose, motor and pump are specially constructed to handle the high temperature edible oils.

The two piece container cover provided protection of the operator during operation. The front part lifts to form a splash guard and the rear portion prevents objects from falling into the container.

STANDARD ACCESSORIES:

- 50 Filter Paper Envelopes.
- 5 lbs. Filtrator Compound.
- Container Cover (Stainless Steel).

ELECTRICAL SPECIFICATIONS:

110-115 VAC, 1/2 H.P., 8.87.4 AMP, 60Hz, 1.0 SF. Equipped with heavy duty switch, oil proof lead wire cord and 3 prong grounding plug. Heavy duty 1/2 H.P. Motor (Thermal and Torque overload protection also provided).

OPTIONAL ACCESSORIES:

- Extension Cord.

The manufacturer reserves the right to modify materials and specifications without notice

Shipping Weight 105lbs.

Filter Type Paper Envelope or Cloth Bag

*It is our policy to build equipment which is design certified by U.L., E.T.L., A.S.M.E., N.S.F. and C.S.A. However, a continuing program of product improvement makes it necessary to submit new models to the agencies as they are developed and consequently not all models bear the appropriate agency labels at all times.
